# BASIC HEALTH AND SAFETY SKILLS WORKS AT HEIGHT THROUGH SERIOUS GAMES

## AT THE MOMENT...

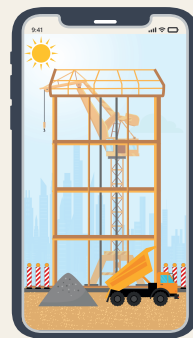

According to European Union data more than 46% of fatal falls during working hours occur in the construction sector.

## UPP GAMES...

It seeks to reduce the rate of accidents at work with an innovative and digital training system.

Upp Games is an application for mobile devices with which you can learn or improve your knowledge about health and safety in work at height.

...Learning is a game

## TO WHOM?

- ✓ VET trainees and trainers in the construction industry.
- ✓ Migrants and lower-skilled workers.
- ✓ Young people interested to join the construction sector.

## REVOLUTIONISING LEARNING...

The traditional systems of training in Prevention of Occupational Hazards are not very effective in lower-skilled workers and migrants.

That's why the Upp Games App offers serious games for trainees to learn and/or update prevention techniques in work at height through practice and virtual experience.

## FOR WHAT?

Identifying the hazards and risks in works at height.

Training in techniques on prevention of occupational hazards for working at height.

Teaching the trainers of the construction sector in the use of the App.

Assessing the skills acquired by trainees on Health&safety.

## HOW?

- Handy guide for helping to plan training process.
- App with serious games for mobile devices.
- Guide for trainers.
- Proposal for the recognition of knowledge, skills and competences acquired according to European frame and recommendations.
